South of Talbot boulevard: a high growth sector

At **Développement Talbot-70**, you can choose to do business at the corner of the two main axes of the region, in a booming sector of Saguenay.

Who are we?

At Immeubles Saguenay, we own more than 300 000 square feet in Saguenay, with around fifty tenants, such as Linen Chest, Deserres, Banque Nationale, Brunet, medical clinics, Fedex Ground, Elkem, etc. In this project, we are partners with Inter-Cité.

At Immeubles Saguenay, we do not want to rent you a space. We want to provide you with well located and well built premises, so that you can do great business.
